

Why Empowering HeArts?

At Single Mothers Outreach (SMO), we've heard hundreds of stories of strong women* who rise above poverty, domestic violence, disability, and dysfunction to make a meaningful life for themselves and their children. They inspire us to provide a healing place where they will receive respect, encouragement and help so they can have a success story to share one day.

Empowering HeArts presents the creative works of Santa Clarita Valley artists who create unique and inspiring art forms inspired by the real-life stories of women chosen who exemplify the year's theme. Art is juried, and a grand prize is awarded for the most compelling visual story.

Empowering HeArts celebrates women, art and community. It provides a place where an inspiring woman can share her inspiring story with others. It is SMO's hope that through telling her story in word and art, she will impact and inspire others in similar circumstances.

Empowering HeArts is the signature fundraising event for Single Mothers Outreach (SMO). Proceeds from sponsorships, ticket sales, and product sales are used to support programs that help single parents effectively care for their families.

*Nominations are not based on marital status nor motherhood.
